MARICOPA COUNTY JOB DESCRIPTION

IT Division Manager

MARKET RANGE TITLE: IT Division Manager

DEPARTMENT: Recorder

DIVISION: IT

FLSA STATUS: Exempt

CLASSIFIED/UNCLASSIFIED: Unclassified

POSITION NUMBER: 14209

JOB CODE: MIT025

About the Position
The purpose of the Information Technology (IT) Director is to manage the Information IT function of the Maricopa County Recorder’s Office. This position is responsible for providing a technology vision and leadership in the development and implementation of the IT program while assisting the Recorder in strategic, tactical and security-related compliance. The IT Director also plans for and implements enterprise information systems to support Recording and Elections business lines of operations and facilitates communication between staff, management, vendors, and other technology resources within the organization and with outside stakeholders. Additionally, the Director oversees the design, implementation and evaluation of systems that support end users in the productive use of computer hardware and software; collaborates with the Recorder’s Information Security Officer, Maricopa County Information Security Office and Office of Enterprise Technology to ensure best-in-class Recording and Elections security, infrastructure and client services.

About the Office of or About The Department of
The Maricopa County Recorder's office, is responsible for recording all documents required by law to be made public record, including documents related to real-estate transactions. Since August of 1999 we have accepted documents electronically and currently over 83% of all documents are submitted this way. We continue to remain at the forefront of e-government. Data including our first recording on June 5, 1871 can be located on our website. We are proud of the many awards and recognitions we have received and that we are considered by many to be the premier recording office in the country.

SELECTION PROCESS

The Maricopa County Human Resources Department reserves the right to admit to the selection process only those candidates considered to be the most highly qualified. Those selected will be assessed based on the evaluation of listed education and experience. The hiring authority will interview and select the successful candidate from a list provided by Human Resources.

All offers of employment made to new hires and rehires at Maricopa County are contingent upon successful completion of a post-offer, pre-employment thorough background investigation. A background investigation is conducted on a current employee who changes to a Safety Sensitive Position or one having the potential for serious adverse impact on the integrity or efficiency of the County. These requirements do not pertain to employees of elected officials who undergo background investigation processes administered through their respective offices.

Typically, successful candidates are hired at a salary rate up to the midpoint of the range, based on relevant experience, internal equity, and budgetary allowances.

Maricopa County is an EEO/ADA Reasonable Accommodation Employer.
